Ranch!

The Wayne
Leonard Davis

Ranch was established in 1963 in memory of a young man whose vision was to share Jesus with the children in his community. Over 50 years later, Wayne's vision is being actively carried out through our ministry.

WLD Ranch is a 98-acre camp just south of Interstate 90 in Fairview, PA. We offer a variety of programs year round, including challenge course opportunities for school groups, homeschoolers, and church groups.

Our **field days** are offered on weekdays during the fall and spring seasons. Field days typically run from 9:30am until 1:30pm, although changes can be made according to your group's needs. The day's activities focus on developing problem solving and team building skills. Please contact us for current prices and available dates.

Field

Days

Our field days are designed to develop problem solving skills and encourage group members to work together as a team by using a variety of challenge course activities. We design each day based on your group's age, number of students, and problem solving needs. Below are some of the activities you can enjoy during a field day.

Challenge Course

We offer over 30 different challenge course activities at WLD Ranch, allowing us to choose activities that will be appropriate for your group.

Each activity focuses on problem solving skills and working as a team to accomplish a goal. The majority of your field day's events will be challenge course activities. Activities may include swinging on the Nitro swing or Cargo Net, climbing across the Multi-vine or Burma Loops, traveling through the Group Cable Walk, and much more!

Problem Solving & Team Building

Archery

Your group may also choose to experience shooting with a bow and arrow during your field day. Each student will be given a chance to aim for the bulls-eye while trying a new skill.

Hayride

You can use a hayride as an additional opportunity for debriefing about the day's experiences by your group leaders or give your group members a time to relax and build relationships within the group.

Horseback Riding

For an extra fee (see price list), your group can experience riding horses. Build confidence in your group members by trying and accomplishing a new skill! Rides last 15-20 minutes, depending on the schedule. Riders will learn the basics of starting, stopping, and steering a horse.
